Gibson County Center - Fall 2022

History of the Gibson County Center

The State Board of Education approved the creation of Dyersburg State Community College in 1967. The first classes were offered in fall 1969. A grant from the Tennessee Law Enforcement Agency helped subsidize classes in police science, which were offered in Trenton in 1973. In 1987, Dyersburg State Community College President Dr. Karen Bowyer and the community leaders in Gibson County began to explore the idea of a higher education facility in Gibson County. In August 1988, Governor McWherter promised to provide state matching funds if the local community could raise \$500,000. \$718,477.46 was raised for the new facility.

The Gibson County Center, located adjacent to Peabody High School in Trenton, was opened on December 19, 1991. Classes began in January, 1992. On January 28, 1994, the Tennessee Higher Education Commission, upon the recommendation of the Tennessee Board of Regents, approved the establishment of an educational center in Gibson County and the extension of Associate of Science and Associate of Applied Science degree programs to that Center.

Since it opened in 1992, 1,862 certificates and degrees have been awarded to students who have been enrolled at the DSCC Gibson County Center.

The Center houses five master classrooms, two of which are enhanced Zoom-enabled classrooms; a Mathematics lab with 30 computer stations; a computer lab with 20 computer stations (with flip-top VersaTables); a Learning Resource Center equipped with 20 computers; and a combination science classroom/lab which includes 24 lab stations and four computers. The Center has an Engineering Systems Technology lab and recently added an Emergency Medical Services lab which features an ambulance simulator and lab training space.
