

STEM Family Night

Come join us on Friday, March 23rd from 6-7:30pm for our Star Wars Themed STEM Family night. There will be many STEM activities for our students to demonstrate.

8th grade students will be battling their constructed robots in a Ringmaster Challenge Battle Arena.

7th grade students will be displaying EQ robots, and a variety of electronic musical designs made from closed circuits.

6th grade students will be demonstrating electronic engineering designs using electrical sensors and circuits, as well as the Star Wars amusement park roller coaster designs.

***Concessions will be sold*
